

# Percentage of female researchers in the Eight-University Engineering Association

## <The Eight-University Engineering Association>

- Consists of the Graduate School of Engineering of the former seven imperial universities and the Tokyo Institute of Technology (Approximately 60% of all doctoral graduates in engineering )

- **Situation at Tohoku University**

Percentage of female researchers: same national universities

⇒ **Gender gap in higher positions (professors) is particularly large**

	Tokyo uni. (May, 2024)			Kyoto uni. (May, 2024)			Osaka uni. (基+工) (May, 2024)			Nagoya uni. (May, 2024)			Kyushu uni. (May, 2024)			Hokkaido uni. (May, 2024)			Tokyo Institute of Technology (May, 2023)			Tohoku uni. (May, 2024)
